Surrey Healthy Schools Training; Helping to Ensure a Proactive Approach towards Physical and Mental Health and Wellbeing

This half day course is designed to help ensure that a positive and proactive approach is taken towards the promotion of physical and mental health and wellbeing in schools and the school community.

This is an important session in the development of good practice around Healthy Schools, current Government strategies and narrowing the education and health gap. It will assist schools in addressing their approach to pupil development, wellbeing and behaviour.

Surrey Healthy Schools provides support to ensure that wellbeing is a focus within the school ethos and culture

The Surrey Healthy Schools Review enables schools to identify strengths and areas for development in provision; helping them to achieve Surrey Healthy Schools Status.

Working Together to Safeguard Children

The "Working Together to Safeguard Children" safeguarding awareness course replaces and updates the "What to do if you are worried a child is being abused" training. This half day course is suitable for all staff in schools and education settings. The statutory guidance, 'Keeping Children Safe in Education' indicates that headteachers, and all other staff who work with children, should undertake appropriate training, regularly updated, to equip them to carry out their responsibilities for safeguarding and child protection effectively, (as approved by Surrey Safeguarding Children Board). NQTs should receive this training within three months of starting work. The training will also cover statutory requirements as defined in 'Keeping Children Safe in Education' 2015 and will consider lessons to be learned from key Serious Case Reviews. Take the worry out of meeting these requirements through group training delivered by one of our highly experienced professional trainers.

'Brilliant Leadership' Masterclass with Jonathan Peach (*EARLY BIRD £105+VAT valid until 25Jan)

Traditionally, UK schools have had a 'management' focus which served them well in the recent past. But the world has moved on and so must our thinking. Balancing both management and leadership is the key to change. It can create high performance teams. It has the potential to transform culture and create 'can do' attitudes that flourish throughout the workplace.

Schools that get leadership right will cultivate internal relationships that impact positively on the student experience as well as wellbeing and grades. But 'getting it right' won't happen by accident. Indeed 'leadership' is too important to be left to chance.

This session will give you plenty to both think about and act upon, drawing from some or all of positive psychology, emotional intelligence, the power of listening, harnessing the impact of feedback 'Losada line', creating superheroes and setting genuinely inspirational goals.

Early bird price: £105+VAT. Valid until 25th January 2019.

Annual Employee Health and Wellbeing Conference (*EARLY BIRD: £160+VAT valid until 25 Jan)

Organisational success rests on the essential bedrock of a committed and engaged workforce which ultimately makes school life a better experience for both children and staff. Schools and colleges are all at different stages in the journey when it comes to embedding wellbeing into everyday working life.

This fourth annual one day conference focusses on workplace wellbeing providing practical guidance on how to embed health and wellbeing within your school. Delegates will have the opportunity to explore strategic and operational approaches to building a healthy workplace in key areas such as stress management, mental health and resilience.

By raising awareness of the critical importance of employee wellbeing as a key priority, this conference aims to encourage employers to take a preventative approach to both build and sustain a healthy workplace.

Early bird price: £160+VAT. Valid until 25th January 2019.
